

Guided Moose Hunts

6500 USD + licenses and GST tax

6 Day Wilderness Float Trip

(make your hunt a combo by adding a black bear license)

Our Fall Moose hunts begin in mid September and continue through mid October to coincide with the Bull Moose being in rut. Hunting takes place in the Athabasca River watershed. Most of this area we hunt has very limited access so hunting pressure is light, and therefore this country produces some fine heads every year. Wolf license is included. Plan on bringing your fishing gear for incredible walleye and northern pike fishing.

Trophy Moose Lodge Hunt in November

6000 USD + licenses and GST tax

(ask us about adding a Trophy Whitetail to your hunt)

Our Moose hunts are operated out of our spacious and modern lodge. Each night will be spent in our Main Lodge, with plentiful meals and comfortable accommodations. Hunting is primarily by calling and scouting, with plenty of opportunities for trophy Moose. Areas hunted will be surrounding the Athabasca River. This is an unforgettable adventure, one that will leave you with memories lasting a lifetime.

Hunters will arrive and depart each Sunday meeting at the Edmonton Airport roughly at noon.

We are averaging 45" of width with our trophy Bull Moose hunt with

several bulls exceeding 50" and have taken bulls as big as 67"□

Visit the Photo Gallery for pictures of recent Bulls taken
